“ Enlightenment is man’s emergence from his self-imposed nonage. Nonage is the inability to use one’s own understanding without another’s guidance. This nonage is self-imposed if its cause lies not in lack of understanding but in indecision and lack of courage to use one’s own mind without another’s guidance. *Sapere aude!* “Have the courage to use your own understanding”, is therefore the motto of the enlightenment. ”

**IMMANUEL KANT “Answering the Question: What Is Enlightenment?”**
